■ SEE the Almera Activ with optional alloy wheels on display at our motor show.

WINDSOR COURT Park will be the venue for our own motor show on Saturday and Sunday, August 4 and 5.

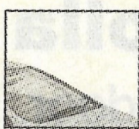

More than 20 main dealers will be exhibiting a wide range of vehicles – the perfect opportunity to make comparisons and choices all in one place at one time.

In the run-up to the show, we'll be taking a look at a small selection of cars on the market.

One of the exhibitors will be the Nissan dealership Dan Perkins of Slough. Following the success of its Almera Activ, 2,500 of which sold in just six weeks, Nissan has re-activated this special edition for the summer with the addition of standard air conditioning and a single slot CD player. It also comes with a year's free insurance if purchased through references, Nissan's personal contract purchase scheme.

Powered by Nissan's 90PS 1.5-litre engine, the summer Activ, like the original Activ model, comes with twin airbags, body-coloured bumpers, a strap to hold your briefcase in place and also an umbrella for those inevitable summer showers.

MOTOR
SHOW
2001

The Observer is hosting a unique motoring event in August. Richard Hill explains

But that's not all. The Activ also comes with chrome door handles, its own unique wheel trims and snazzy 'Reverberate' interior trim (from the Almera Tino SE2).

Standard equipment on the Almera Activ includes: Driver's and passenger airbag, power-assisted steering, electric front windows, air conditioning, single slot CD player, six-speaker stereo radio with RDS linked to immobiliser, full body-coloured bumpers, central door locking with super-locking, chrome door handles, sunglasses holder, UV-ray reducing windows, pollen filter, height adjustable driver's seat and steering wheel

60/40 split rear folding seats, a range of storage solutions including curry hook, dashboard tray with lid, front cupholders, tissue holder in centre console, rear briefcase and umbrella straps, rear garbage tray and 12-volt power socket

If you want to personalise your Activ even further and alloys are your thing, Nissan is offering a special Activ accessory kit which includes a set of 15-inch 'Cosmic' design wheels with locking bolts plus remote control of the car's central locking all for

£580. Like all Nissans, the Almera Activ is covered by a comprehensive three-year or 60,000-mile mechanical warranty, a three-year paint warranty

and six-year perforation corrosion protection.

Twelve months roadside assistance operated in conjunction with the RAC is also included.
